Call for Nominees for Ohio Conference Awards

The Robert E. Kennedy Award for Academic Freedom was established by the Ohio Conference AAUP to recognize individuals who, in a given year or over time, have made significant contributions to the cause of academic freedom. If there is someone you would like to nominate please submit documentation, preferably on letterhead, discussing in detail who you are nominating and why you are making your nomination. Please include contact information for both the nominee and yourself.

The Betty Kirschner/Maita Levine Award was established in 2006 to be given periodically to a faculty member in Ohio who has made exemplary contributions in the areas of collective bargaining and/or women's rights. The award honors the careers of two faculty members who themselves contributed significantly to the furtherance of collective bargaining and women's rights in Ohio. Both were past recipients of the Marilyn Sternberg Award given by the Collective Bargaining Congress of the AAUP "to an AAUP member who best demonstrates the concern for human rights, the courage, persistence, political foresight, imagination, collective bargaining knowledge and skills of Marilyn Sternberg." Further details about the awards can be found on the OCAAUP website at <http://www.ocaaup.org/awards.php>.

Those wishing to nominate persons for either award should submit documentation, preferably on letterhead, discussing in detail who you are nominating, for what award and why you are making your nomination. Please include contact information for both the nominee and yourself. Please make your submission to:
